WARD BOUNDARIES

The City is divided into six wards, bounded and described as follows:

First Ward—All that part of the city included within the following lines, to wit: Commencing at a point in the Mohawk river, where the centre line of Vliet street extended intersects the boundary line of the city; thence westerly along said line and the centre line of Vliet street to its intersection with the Erie canal; thence southerly along the centre of said canal to the centre line of Newcomb street extended westerly to the centre of the lands of the N. Y. C. R. R.; thence westerly along said line to the centre of said railroad company's lands; thence northerly and westerly along the centre line of said railroad company's lands to its intersection to the northerly boundary line of said city; thence northerly and easterly along the boundary line of said city to the place of beginning, shall comprise the first ward.

Second Ward—All that portion of the city comprised within the following lines, to wit: Commencing at a point in the Mohawk river, where the line of Vliet street extended intersects the boundary line of the city; thence easterly and southerly along said boundary line and the centre of the south branch of said river, as it flows easterly of Simmons' island, to a point directly east of the south end of said island; thence in a direct line to the point of intersection of the centre of Pine street with the centre of the Champlain canal; thence along the southerly boundary line of the second ward of the village (now city) of Cohoes to its intersection with the Erie canal; thence northerly along the centre of said canal to the centre of Vliet street; thence easterly along Vliet street and the line of Vliet street, extending to the place of beginning, shall comprise the second ward.

Third Ward—All that part of the city comprised within the following lines, to wit: Commencing at a point in the centre of the south branch of the Mohawk river, directly east of the south end of Simmons' sland; thence southerly along the centre of said south branch to a point where the centre line of Cedar street, extended easterly, intersects the same; thence westerly along the said line, and the centre line of Cedar street to the centre of Saratoga street; thence in a direct line to the centre line of Columbia street, where it intersects the centre line of Mohawk street; thence westerly along the centre line of Columbia street to the centre line of the Erie canal; thence northerly along the centre line of said Erie canal to its intersection with the centre line of Newcomb street, extending in a direct line to the centre line of the New York Central railroad; thence easterly along said line of Newcomb street, and the southerly boundary line of the second ward of said city, as hereinbefore defined, to the place of beginning, shall comprise the third ward.

Fourth Ward—All that part of the city comprised within the following lines, to wit: Commencing at a point in the westerly bounds of the city where the centre line of Columbia street produced westerly would intersect the same, and running thence easterly along the centre line of Columbia street to the centre line of Mohawk street; thence southerly and easterly along the centre line of Mohawk street to its intersection with the centre line of Saratoga street; thence along the centre line of Saratoga street to its intersection with the centre line of Cedar street; thence easterly along the centre line of Cedar street and the same extended easterly to the intersection thereof with the centre line of the south branch of the Mohawk river; thence along said last mentioned centre line of said south branch of the Mohawk river to its point of intersection with the boundary line of said city near Dyke avenue; thence in a southerly direction along said boundary line to its point of intersection with the southerly boundary line of said city; thence along said last mentioned line to the westerly boundary line of said city; thence along said last mentioned line to the place of beginning, shall comprise the fourth ward

Fifth Ward—All that part of the city included within the following lines, to wit: Commencing at a point where the centre line of the Erie canal intersects the centre line of Columbia street; running thence northerly along the centre line of the Erie canal to a point where it intersects the centre line of Newcomb street extended in a direct line to the centre of said canal; thence westerly in the direct line of Newcomb street extended to the centre line of the lands of the New York Central Railroad Company; thence northerly along the centre line of said lands to the northerly boundary line of said city; thence westerly and southerly along the northerly and westerly boundary lines of said city to their point of intersection with the centre line of the Boght road (now called Manor avenue); thence southerly along the westerly boundary line of said city to the centre line of Columbia street; thence easterly along the centre line of Columbia street to the place of beginning, shall comprise the fifth ward.

Sixth Ward—All that part of the city comprised within the following lines, to wit: Commencing at a point in the centre line of that portion of the south branch of the Mohawk river flowing between Simmons' island and Van Schaick's island where the same is intersected by the centre line of Ontario street; running thence in a northeasterly direction along the centre portion of said south branch of said Mohawk river to the northern boundary line of said city; thence along said last mentioned line to the easterly boundary line of said city; thence southerly along said last mentioned line to a point in the Hudson river east of the mouth of the middle sprout of the south branch of the Mohawk river; thence westerly along the centre line of said middle sprout to the centre of said south branch; thence northerly and westerly along the centre of the said south branch to the place of beginning, shall comprise the sixth ward.

THE CITY DIRECTORY

INDISPENSABLE TO THOSE WHO KNOW WHAT IT CONTAINS

It will answer almost any question that can come up regarding inhabitants, institutions or business interests of the city.

To know how to use it, and to have it at hand for ready reference is a great aid to efficiency.

Special Descriptions of many of the more progressive houses are there because it is recognized as the logical place to look for them.

Real Prospects

is as necessary with a MAILING LIST as with a MACHINE GUN,- *For Results*

Hits are what Count

Mailing Lists are the machine guns of modern business, and good letters sent to an accurate list of real prospects multiplies the effectiveness of salesmen at a small fraction of their cost.

It does not pay to have salesmen cover all isolated sections, but there is business in these towns which can be secured by mail.

First hand information is a by-product of the directory business, and this enables us to offer unequalled service in compiling lists of profitable purchasers of your products.

All parts of the United States and Canada are covered by our very complete file of city, town and trade directories.

See if we can be of service to you. Write or telephone Main 1837.

Let Uncle Sam Carry Your Story

Letters, properly used, may be your best salesmen. They get in and tell your story though the private door is closed to all else.

Having the inside track it is your place to make the most of it. Your letter should tell its story clearly and convincingly, have if possible something of the personal element and not offend by the "cheap" appearance due to poor quality paper, careless punctuation or spelling, too apparent "form", bad filling in etc.

Thousands of well dressed letters are a total loss because of a faulty mailing list which sends them to wrong addresses or defunct firms. A revised mailing list every few months is a profitable investment.

The List and Letter Service Dept. of the Sampson & Murdock Co. has all the facilities for compiling Up-to-the-Minute Mailing Lists, compiling and typing letters which have not the slightest appearance of a "form" letter and for printing, addressing and mailing them in any quantity in the shortest possible space of time. EXECUTIVE COMMITTEE

J. L. Hill — **R. H. Donnelley** — **A. V. Williams**

The objects of the Association are as follows:

First: **To improve the directory business by the interchange of ideas, and by the exchange of competent employees.**

Second: **To protect the public against fraudulent advertising schemes operated under the name of directories and to drive the promoters of such out of business.**

Third: **To provide permanent and continuous employment for honest and faithful directory canvassers.**

Fourth: **For the mutual advancement of the established and prospective interests of all who may become members of the Association.**

$100.00 Reward ***The Association of American Directory Publishers will pay the above reward for the arrest and conviction of any one soliciting or collecting money on fraudulent directories, provided the conviction results in imprisonment for not less than 6 months. In case of arrest immediately telegraph Theo. F. Smith, 350 Robert St., rm. 489, St. Paul, Minn.***

The Power of Letters

Sales letters having the proper personality become individual advertising. Several different letters may be prepared and by actual test the strongest "puller" determined. Such letters may then be used for your entire mailing list for you have proved that it tells "the right story."

Sales letters open up the way for your salesmen. They do "get in" and if carefully prepared receive attention.

Our List and Letter Service

Our List and Letter Service Department enables you to conduct efficient mail advertising campaigns without bothering with the details yourself.

We compile up-to-date ***Mailing Lists*** from the latest city and town directories covering the United States and Canada.

Our ***Fac Simile Letters*** are excellent imitations of typewritten work and we are equipped to do all kinds of ***Addressing and Mailing*** promptly and carefully.

Send us a postal and let us study your special requirements. This puts you under no obligation.

TROY STREET DIRECTORY

COPYRIGHT, 1915, SAMPSON & MURDOCK CO.

Giving the name of each street and showing what other streets and places run from it or across it, with the number at which they intersect.

From this list the location of any number on a street can be easily ascertained; as for instance, wishing to know at what part of Second street No. 168 comes, look at Second street, and it is found that Liberty street crosses at 156, Washington street at 178, showing that 168 Second street would come half way between Liberty and Washington streets.

Ciphers are substituted for numbers on streets not fully numbered.
